THE RAIN

By ROBERTUS LOVE

YOU'VE heard of it "rain-
ing cats and dogs,"
And certain I am it does rain
frogs,
Sometimes, and polly-
wollies.

But come and listen to me,
my dear,
For I want to ask, Did you
ever hear
Of a rain of real dollies?

'TIS a wonderful rain I'll
tell about,
And there isn't the tiniest bit
of doubt

That it comes in Christmas
weather
And that all night long the
doll drops fall

From up in the sky through
the chimneys tall
With no more noise than
a feather.

FROM up in the sky where
Santa sails

In his airship swift as the
sweeping gales

The dolls rain down the
flue, dear,

And if you've been good the
whole year through

And have done the things
that you ought to do

They are all sent down for
you, dear.

OF DOLLS

[Copyright, 1911, by American Po-
et Association.]

THERE'S the girlie doll
with the flaxen hair,
And the big, fat, growly
Teddy bear

That is made for hugs and
squeezing,
And the dolly boy with the
queer little hat,

And the doggy doll, and the
necktie cat,
Which I'm sure is very
pleasing.

'TIS a rain, my dear, where
you don't get wet

And you can't catch cold at
all, and yet
You'd better not be out in it,
But stay asleep in your trundle
bed

Till the sun in the east is rosy
red
And then jump up that
minute!

YES, jump right up in your
nightgown white
And see what a rain has fall-
en at night,

And it won't be polly-
wollies.

But there on the hearth where
the doll drops fall

You'll find them each and
you'll love them all—

And such is the rain of
the dollies.

It Beats the World to Cure Rheumatism

Aching and enfeebled muscles should
remind you of slowness of tissue re-
pair. Eruptions of the skin and catarrh
of the mucous membranes show
diminished nerve power in the tissues.

In health or disease there is need of
an internal bath. This is best obtained
by drinking a glass of pure water with
one to two teaspoonfuls of San-Jak 30
to 60 minutes before breakfast, wash-
ing the blood. This passes quickly
from the stomach and stimulates the
bowels to increased peristalsis, over-
coming constipation and its attendant
ills. It is quickly absorbed and enter-
ing the blood stream bathes the cells of
the liver and heart, then passes to the
brain and washes out the cobwebs and
awakens to new life every cell in the
body.

San-Jak dilutes the rosy secretions
and dissolves all abnormal crystalline
substances that may be in the blood
and urine. SAN-JAK greatly pro-
motes elimination, creates downward
peristalsis, stimulates a flow of diges-
tive juices. It dissolves the uric acid
in the mouth and throat, allowing
the membranes to be bathed in their
natural secretions. San-Jak is the
great medium of exchange in the body,
by enabling the kidneys to absorb and
eliminate alkaline sulphates which are
the products of intestinal decomposition
and in renal weakness or the real
cause of Bright's disease.

Man does not wear out like a piece
of machinery by constant disintegra-
tion for he is self renewing. When he
loses his ability to self renewal or fails
in process of making young blood, the
nerve tissue is not sufficiently nourished
and his strength and health fail.

SAN-JAK is the only medicine
which will enable you to keep a perfect
balance between elimination and re-
newal of the body. Decay of the body
at any time of life is unnatural. Per-
manent waste of the system can be
avoided by the use of SAN-JAK.

Rheumatism, catarrh and bladder
trouble, the source of trouble to hu-
manity, is due to a too high or low
specific gravity which may be regulat-
ed to normal by taking SAN-JAK.
Swelling under the eyes, grayish
white or waxy color of the skin de-
notes granular disease of the kidneys.
The cure is SAN-JAK.
